**In the Matter of: Nomination of Sheryl Abshire to Universal Service Administrative
Company Board of Directors, CC Docket Nos. 97-21 and 96-45**

Dear Ms. Dortch

Attached please find an updated version of the nomination materials that we filed on Monday, October 27 on behalf of the International Society for Technology in Education and the Consortium for School Networking in the above referenced docket. These new documents indicate that the Louisiana School Boards Association also supports Mrs. Abshire's candidacy for the Universal Service Administrative Company's Board of Directors. We would appreciate it if you would substitute this update version for the original filing.

Thank you for your time and attention to this matter.

Sincerely,

Jon Bernstein
Vice President

**NOMINATION OF SHERYL ABSHIRE TO THE UNIVERSAL SERVICE
ADMINISTRATIVE COMPANY'S BOARD OF DIRECTORS BY THE
CONSORTIUM FOR SCHOOL NETWORKING AND THE
INTERNATIONAL SOCIETY FOR TECHNOLOGY IN EDUCATION**

On behalf the Consortium for School Networking (CoSN) and the International Society for Technology in Education, we submit the name of Sheryl Abshire, the District Administrative Coordinator of Technology for the Calcasieu Parish Public Schools in Lake Charles, Louisiana, to serve on the Universal Service Administrative Company's (USAC) Board of Directors as a "Representative for schools that are eligible to receive discounts." Mrs. Abshire's nomination is also supported by the National Education Association, American Federation of Teachers, the National Education Knowledge Industry Association, and the Louisiana School Boards Association.

In our opinion, Mrs. Abshire's unique blend of hands-on experience with the E-Rate application process, her policymaking experience, and her leadership roles with both our organizations and the education community at large make her an excellent candidate for this USAC Board seat. It is our honor and privilege to work with her and to submit her name as a candidate for the USAC Board. Both CoSN and ISTE have been and will

continue to be strong and active members of the Education and Libraries Networks Coalition, known as EdLiNC.

The Consortium for School Networking and the International Society for Technology in Education are membership-based groups that serve educators who use technology to improve teaching and learning. For nearly a decade, CoSN, whose members include national education associations, local school districts, state education agencies and individual leaders in ed-tech that are committed to integrating technology into the classroom, has been in the forefront of efforts to improve learning in K-12 classrooms via the Internet and telecommunications. ISTE is a nonprofit professional organization with a worldwide membership of leaders in educational technology. ISTE promotes appropriate uses of information technology to support and improve learning, teaching, and administration in K-12 education and teacher education.

For the past thirty years, Sheryl Abshire has been an educator in the Calcasieu Parish School System, working as a teacher, a principal, a library media specialist, and currently as the Administrative Coordinator of Technology, but her most important role has been as a technology pioneer. Her accomplishments in integrating technology into education have been recognized through numerous awards, including a 1991 NEA/NFIE Christa McAuliffe Fellow, 1991 Louisiana Technology Teacher of the Year, 1992 National Teacher Hall of Fame Inductee, 1999 Louisiana Computer Using Educator of the Year, 1999 McNeese State University Distinguished Alumnus and the 2002 National Christa McAuliffe Award winner. In her current position, Mrs. Abshire coordinates all technology initiatives in a large and diverse school district and is responsible for all technology selection and use throughout the system. As a recent member of the ISTE

NETS Writing Team and the Technology for School Administrators Writing Team, she is deeply involved in infusing technology into standards based instruction. We believe that the USAC and SLD Boards would benefit greatly from Mrs. Abshire's immense storehouse of practical education technology knowledge.

If appointed to the USAC Board and, more specifically, to the Schools and Libraries Division's (SLD) Board, Mrs. Abshire would bring a wealth of E-Rate experience to this new role. On behalf of her district, which educates 32,321 students and employs over 4,500 teachers, administrators and support personnel, she has been directly responsible for the past seven years for researching, planning, filing, and implementing all phases of the E-Rate program. Her efforts have led to Calcasieu Parish School receiving over \$2.3 million in E-Rate discounts. These discounts have been strategically deployed to develop a robust infrastructure for the district's seventy remote sites and provide high-speed Internet connections in all of its 2,650 classrooms. Thanks to her tireless dedication, today the Calcasieu Parish Public School System is regarded as one of the most technologically sophisticated school districts in the country.

Sheryl Abshire's extraordinary financial policymaking experience at the local, state and federal levels would also be a tremendous asset on the USAC and SLD Boards. Beyond her position as Co-Chairman of the CoSN/ISTE Joint Policy Committee, through which she coordinates our responses to all federal education technology issues, Mrs. Abshire is the Chairman of the Louisiana Department of Education Committee to Advance Technology Standards. Additionally, since 1997 she has served as Chairman of the Louisiana Technology Advisory Commission, with the responsibility of overseeing and approving proposals for the expenditure of over \$100 million in technological

advancements for Louisiana schools. Finally, Mrs. Abshire serves as the Vice Chair of the Teacher's Retirement System of the Louisiana Board of Trustees and as the Chair of the Investment Committee, which oversees the placement of over \$11 billion in retirement funds. In our opinion, Mrs. Abshire's grasp of school and library technology needs coupled with her strong fiscal management background make her an extraordinary candidate for this Board seat.

Throughout her career, Mrs. Abshire has consistently been promoted to organizational leadership positions because of her deep-rooted knowledge of education, technology and financial issues, her forthrightness, and the tremendous respect and regard that her peers have for her. Just to cite a few examples, in addition to those already named, Mrs. Abshire is the vice chair of the National Education Association's Membership Advisory Committee, she has served as the past chair of the Louisiana Association of Educators' Instruction and Professional Development Committee, and, currently, she occupies the position of Vice President of the Louisiana Association of Computer Using Educators, an ISTE affiliate. The leadership abilities embodied by these accomplishments would be of great use to her and to USAC and its constituents if she becomes a member of the USAC and SLD Boards.

Finally, throughout her career, Mrs. Abshire has evidenced both a willingness and an ability to work collaboratively with the corporate community, qualities that would be of considerable use if she joins the USAC and SLD Boards. Mrs. Abshire has served as a consultant/grant writer and reader for E-School News, Compaq Computer, National Foundation for the Improvement of Education, Apple Computer, Pioneer New Media Technologies, the American Online Foundation, the Beaumont Foundation, and

Educational Resources. Moreover, she has served as a member of the national K-12 advisory councils for Compaq Computer, Knowledge Adventure and presently serves on the national advisory boards for Blackboard and Scholastic Administrator.

In conclusion, CoSN and ISTE have nominated Sheryl Abshire to the USAC and SLD Boards because we believe that she possesses the knowledge, experience, leadership skills, and collaborative abilities necessary to help guide the E-Rate program and all of universal service over the next several years. We hope that the Commission sees fit to accept the nomination of this extraordinary public servant.

Sincerely,

Keith Krueger
